

## **Minutes - Supervisor Meeting 2 – 7/10/2014**

### **Summary**

At this meeting I confirmed final idea with my supervisor as well as discuss a plan for the upcoming weeks. By next week I would like to have background reading finalised as well as a rough draft of the ethics form so I can start doing initial questionnaire and surveys about my honours project. We also discussed server space for the application which I will ask Mahamadou about.
