

Minutes – Supervisor Meeting 19 – 13/04/2015

Summary

At this meeting we discussed the results of my evaluation as well as the technical detail needed for the user guide. I attached copies of my evaluation results and the stage my user guide had reached so far. We also discussed the progress of my dissertation which is now a complete first draft but does need cut down a bit. I asked Keith to give me feedback on the design chapter as it's the chapter I feel that's the weakest. I then discussed the demo. My aims for next week is to finish refactoring and commenting the final code and improving my dissertation draft.
